Fullstack Developer

About Me

I am a goal-oriented person and I am demanding about my work. Coding is not only a job for me, but also a hobby. I also deal with 3D design and 3D printing.

Experience

Progmatic Academy Kft.

Dec 2023- Feb 2024

After years in maintenance I wanted to change my career, so I attended a fullstack developer course which started in April 2023. At the end of this course, we had to show what we had learned in a project work, where we worked in agile methodology.

ASM Security Kft., Schrack Seconet Kft., ZedFire System Kft.

2019 - Present

Since 2019, I have worked for several companies as a service technician. I dealt with the maintenance of security systems, mostly fire alarm systems, but also camera systems, alarm systems, access control systems, etc.
